Suggestions

- Incorporate guest lectures and workshops from industry professionals to provide exposure to the latest practices and technologies.
- Expand library resources by adding more digital databases, e-books, and subscriptions to industry-related journals to support research and coursework.
- Implement add-on courses focused on virtual reality (VR), augmented reality (AR), and emerging media technologies to enhance students' skill sets and career readiness.

Suggestions

- Students require a placement cell to support their career growth.
- There were demands for the existing medical room to be adequately equipped and functional for students throughout the day.
- A lot of students voiced the demand for more observation trips and industrial visits so that learning may move beyond the confines of the classroom.
